(54) Title: INHIBITION OF TOXIC MATERIALS OR SUBSTANCES USING DENDRIMERS

**10e-4M BRI2923 Inhibition of 10e-5M Vpr P3  
Not Corrected**

(57) Abstract

A method of prophylactic or therapeutic inhibition of a toxic material or substance in a human or non-human animal patient, comprises administration to the patient of an effective amount of a dendrimer having a plurality of terminal groups wherein at least one of the terminal groups has an anionic- or cationic-containing moiety bonded or linked thereto.
